1) The address list which appeared in the German edition (KOTSCHI & ADELHELM 1984) has been up-dated to the best of our knowledge. As a result, the number of addresses in Annexes 2 and 3 no longer adds up to 171, the number of respondents who originally reported ecofarming activities during the survey described in Annex 1. We would welcome any further corrections which readers can make to this address list; please write to:
